

January 20, 2026

Greetings:

We are writing to share with you the re-release of Request for Proposals (RFP) to establish a new community mental health center to serve the Southeast communities of Kenwood, Hyde Park, Woodlawn, and South Shore in Chicago, IL. The center is funded by taxpayer dollars pursuant to the Illinois General Assembly's Community Expanded Mental Health Services Act of 2011 (405 ILCS 22/).

Please visit our Commission's website at www.southeastmentalhealth.org where you will find the full RFP document, including the Program Services Agreement, which outlines all contractual expectations and details necessary for potential providers to submit their proposals. Please note that proposals must be submitted only in digital form, according to the instructions outlined in the RFP document. No proposals will be accepted unless delivered by the due date. Incomplete proposals will not be considered. Any questions about the RFP should be referred only to the Commission's Program Services Committee by email at rfp@southeastmentalhealth.org. Questions and answers will be posted publicly on the Governing Commission website.

Please share this opportunity with other providers in your network who may be interested. We hope you consider submitting a proposal.

Sincerely,

Jeannette E. Jones

President

Southeast Expanded Mental Health
Services Program Governing
Commission

Rachel Hines, LCSW

Chair, Program Services Committee

Southeast Expanded Mental Health
Services Program Governing Commission
